běžná cena 1.606 Kč vč. DPH
v této nabídce **1.310 Kč** vč. DPH
(tato cena platí při objednání titulu do 9.8.2014)

Using ground-breaking, never before seen data on alternative investments, Stephen Todd Walker explores how to apply new risk measurements to an alternative portfolio. Through his 20+ years of expertise in finance, the author explains how to go about carefully selecting the best alternatives for you and the right time to invest in them, including real estate, hedge funds, private equity, venture capital, and more.

Features of the book include:

- Historical data showing alternative investment on the upswing
- Tools to help identify and evaluate alternative investments
- Insights into wave theory and how it works
- The pros and cons of investments

The book shows the merits of owning alternative investments and helps investors who want to create better, more diversified portfolios.
